

### PVC Tube Ø 8/5mm

Item No. 419-207364

#### Function Description

Clear PVC hose from LS Control A/S, suitable for low-pressure applications in food and industrial use. This hose is made from high-quality, low-toxicity PVC materials to ensure an odorless, crystal-clear, and flexible pressure hose with good durability across a wide temperature range.

#### Product Specifications

##### General Specifications

Material	PVC
Color	Clear
Reinforced	No
Nominal Size	5mmx8mm
Material Softness	BSS45 FDA approved
Flammability	Self-Extinguishing
Application	General industrial applications; Scientific; Pharmaceutical; Medical

### Product Specifications continued

#### Mechanical Specifications

Inner Diameter	5mm
Outer Diameter	8mm
Length	25m
Bend Radius	72mm
Weight Per Meter	0.035kg
Coil Weight	1.05kg

#### Operating Environment Specifications

Minimum Operating Temperature	-15°C
Maximum Operating Temperature	+60°C

#### Certification and Approval

RoHS compliant
